Number of devices out in market pan India state wise

Top 10 cellid which experience call drop

RSRP derived vs RSRQ

Unique device that are moving out of service

Dashboard 2

[illegible]

I have added some actions in this dashboard

Go to sheet action - this operation takes place when you select the particular sheet on the dashboard and then it will automatically take you to the worksheet selected.

I have also added a navigation button in this network dashboard which will navigate to the dashboard 2.
